# 240V 50mm Cutter Pump

The 240V single phase cutter pump is a rugged, cast iron electric centrifugal pump. Designed for sewage and mining duties, the impeller is fitted with a tungsten Carbide tip to macerate the materials into small particle sizes for efficient non-clog pumping.

Special features include:

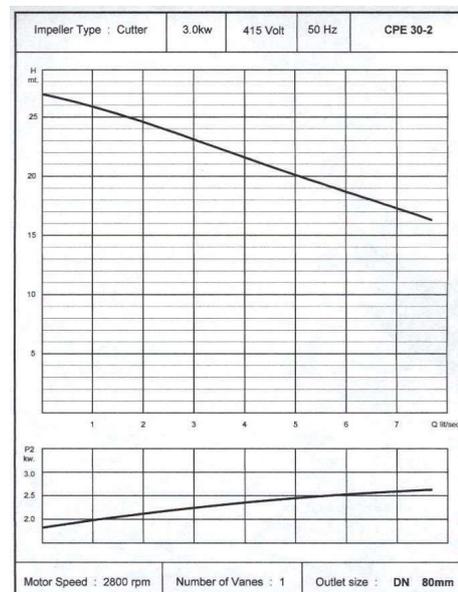

- Hard Silicon Carbide mechanical seals

- Overload Protection

- Tungsten Carbide cutting tip

- Able to pass 40mm solids

CIPA can also supply grinding, vortex pumps etc in sizes between 0.4 and 7.5 kw.

Maximum Capacity	5 l/s run out @ zero head
Maximum Head	10.5m head shut off
Motor Rating	0.75 kW
Voltage	240V
Frequency	50Hz
Amperage	6.4 Amps
Weight	34 kg
Discharge Port	50 mm (offset)
