MacDonald Pogo Scabbler

The **Macdonald 1UF / 1UFVR** is a single unit hand operated scabbler with the same power as a single unit of heavy multi tool scabblers.

It is designed for use in awkward corners, edges where walls and floor surfaces join or other small areas where the multi tool scabbler is not practical.

The 1UF is well balanced with an extended handle, making it easily operated and controlled from an upright position without causing operator fatigue.

It can remove up to 4 square metres per hour x 4mm deep

The vibration reduced 1UFVR reduces the vibration levels transmitted to the operator by approx 10%

A 105mm diameter tamping pad is an optional extra

Specifications

Model	Weight	Air Cons @ 90 psi / 6 bar	Length	Working Width
1UF	13 kgs 29 lbs	11.8 l/sec 25 cfm	1320 mm 52"	57 mm 2 ¼"
1UFVR	16.5kg 36lb	12/sec 25cfm	1320mm 52"	57mm 2 ¼"
