MacDonald 21S Breaker

The Macdonald range of standard breakers has been developed over many years with the design proven in construction & allied industries throughout the world.

Lightweight & manoeuvrable, the 21S pneumatic breaker has an excellent power to weight ratio. This makes it the ideal tool for a wide variety of light to medium duty demolition & narrow trench work jobs.

BENEFITS

- Cushioned handle grips for operator comfort & productivity.
- Silencer for effective noise suppression.
- Well balanced, manoeuvrable & good strike energy.
- Quick change retainer.
- Easily maintained without specialist tools.
- Drop forged components for minimum wear & maximum life.
- Built in reservoir for automatic oiling & smooth continuous operation.
- Small number of moving parts to minimise internal wear.

SPECIFICATION

WEIGHT

23 KGS

AIR CONSUMPTION

48 CFM

FREQUENCY

1250 BPM

LENGTH

625 MM

CHUCK SIZE

32 or 28 MM

WORKING PRESSURE

6 BAR 90 PSI

BORE

57 MM

STROKE

125 MM

AIR HOSE

19 MM
