# MacDonald 125S Breaker

The Macdonald range of standard breakers has been developed over many years with the design proven in construction & allied industries throughout the world.

Powerful & manoeuvrable, the 125S pneumatic breaker has an excellent power to weight ratio. This makes it the ideal tool for a wide variety of heavy duty demolition & breaking jobs.

## BENEFITS

- Cushioned handle grips for operator comfort & productivity.
- Silencer for effective noise suppression.
- Well balanced, manoeuvrable & high strike energy.
- Quick change retainer.
- Ease of use due to swivel air connection.
- Easily maintained without specialist tools.
- Drop forged components for minimum wear & maximum life.
- Built in reservoir for automatic oiling & smooth continuous operation.
- Small number of moving parts to minimise internal wear.

## SPECIFICATION

WEIGHT	<b>46</b> KGS	AIR CONSUMPTION	<b>80</b> CFM
